FIRST LEGO League Team Registration Options

Thank you for choosing *FIRST*® LEGO® League as your STEM solution! Your team(s) will have hands-on robotics fun solving the missions in our annual Robot Game while learning basic coding skills with LEGO® MINDSTORMS®. They will research a real-world problem and apply the engineering design process to creating their own innovative solution. Throughout their experience, teams will operate under the *FIRST* Core Values, celebrating discovery, teamwork and *Gracious Professionalism*®.

Single Team - Our most popular option. For individual teams of 2-10 students. With this option, teams may apply for an official event, subject to availability.

Season Pass - Increase your reach and get the flexibility and basic tools* to administer a successful program experience on your own timeline. Each Season Pass package comes with online access to a Program Administrator Guide and other tools to ensure each team has what it needs across your school or organization. Those who are interested in competing at official events should register single teams.

Season Passes are available in 2 sizes – Small or Large.

For best results, we recommend limiting the size of Season Pass teams to 7 students per team.
