

GOFUNDME Step-by-Step

1. Go to <https://www.gofundme.com/>
2. Click on “Start a GoFundMe” at the right corner of the screen
3. Create an account
 - a. First and last name
 - b. Email address
 - c. Phone number
 - d. Password
4. They will send a verification code to the phone number listed or give you a call.
5. Enter the verification code that they sent you
6. Once phone is verified, click Next
7. At this point you can enter all of the information
 - a. Goal amount
 - b. Campaign title
 - c. Who are you raising money for? (yourself/someone else or nonprofit)
 - d. Your ZIP code
 - e. Then choose the category that the money will be used for
8. Once you are done reading the terms and privacy policy, click Next
9. Add a cover photo or video (can be uploaded from Facebook, can be an attachment, or can be a youtube video)
10. Confirm video or picture
11. Finally, tell your story. Why are you fundraising and who will the money benefit?
12. Now you will be able to preview the GoFundMe account
13. Once you are done editing, click “Complete fundraiser”
14. The next screen will tell you to share with 3-5 friends and post it on at least one social media platform, click Next
15. You will now be prompted to add a Facebook photo. To do so you will have to sign into your account. If you do not want to, then click on the Dashboard button on the top right of the screen and it will take you to the main page.
16. You will now be able to manage the account, update the GoFundMe, withdraw the money and share the information so that others can donate
